The Parent School Group is proud to announce our inaugural fundraising effort!

Each month we will have a “Wear ‘a Color’ and Donate” opportunity for our students and teachers! Any time that they wear the color of the month, they can donate a $1 (or handful of change or whatever they want!) into our Donation Jar which will be decorated by the students and displayed at the entrance of the school during drop-off.

For the month of October, we have chosen to support Breast Cancer Awareness by donating to the National Breast Cancer Foundation, www.nationalbreastcancer.org, whose mission is to help women now. They provide help and inspire hope to those affected by breast cancer through early detection, education and support services.

WEAR PINK & DONATE

We are Wearing Pink during the month of October to support Breast Cancer Awareness.

Let’s work together to watch our Donation Jar overflow to help make a difference in our communities!
